MISSION

Arnett Logistics Group's mission is to provide affordable, reliable, and efficient freight transportation and warehousing options... perfect for startups as well as established large corporations. We accomplish this through a focus on dedicated shipping lanes; involved ownership; international partnerships and a regional footprint that creates logistical efficiencies for our clients.

COMPANY OVERVIEW

Arnett Logistics Group (ALG) is a premier logistics provider dedicated to delivering excellence in freight and warehousing solutions. Our commitment is to connect businesses to the world with seamless, reliable, and efficient transportation services, ensuring the safe and timely movement of goods. As a trusted partner in global commerce, we empower businesses to thrive and scale through innovative, sustainable logistics solutions that enhance efficiency, reduce costs, and drive supply chain success. With a relentless dedication to integrity, safety, and environmental responsibility, we strive to create value for our clients by offering customized logistics services that optimize operations and elevate competitiveness. At ALG, we go beyond expectations, delivering unwavering reliability and responsible practices that position us as the premier choice for all logistics and warehousing needs.

LEADING KPIS

Industry-leading logistics processes, inventory accuracy, warehousing and transportation cost per pallet.

RELIABLE

924 (98% lifetime) shipments received within 15 minutes of expected delivery time with 100% vehicle uptime.

AFFORDABLE

9 out of 10 shipments are 22% less expensive than quotes provided by larger shipping companies.

PROVEN

63% of revenue in 2024 was earned through relationships with repeat clients. 21% of revenue was earned through referrals of existing clients.
